

## Finding the Depth of Knowledge in Our Lives

Activity	DOK LEVEL
Follow a recipe in a cookbook to make pancakes	
Draw a picture that illustrates what's described in a story or article about a Presidential candidate. Explain what you have drawn, using details from the story or article.	
Answer the question beginning, "What will happen if..." in relationship to filing your taxes	
Calculate the square feet in your kitchen so you can order enough tiles	
Determine alternative courses of action for changing your diet, giving advantages and disadvantages of each	
Label your drawers according to the clothing in them	
Get a driver's license	
Use evidence from a book to support your theory about Global Warming	
Combine information from several sources (including your bank account) to draw a conclusion about what car to buy	
Make a shopping list for a trip to the grocery store	
Create a three dimensional model of your ideal work space out of toothpicks	
Infer the main idea of a written piece in People Magazine	
Access your voice messages on your cell phone	
Develop a classification scheme for foot wear and explain and justify the categories	
Analyze your December credit card statement	
Write an outline for an oral report you'll be giving at the school board meeting	
Compare and contrast vastly different stories about an incident told to you by several ten year old eye-witnesses	
Sing the national anthem at a sporting event	
Propose and justify a way to resolve a problem concerning bathroom cleaning	
Given the numerical data, solve a linear equation relating to teacher anxiety and the days approaching the administration of the state wide assessment
