

FFVP

Frequently Asked Questions

The Fresh Fruit Vegetable Program (FFVP) began operations under the authority and provisions set forth in The Food, Conservation, and Energy Act of 2008 (P.L. 110-234), otherwise called the Farm Bill, on July 1, 2008. The Farm Bill amended the National School Lunch Act to add a new section 19, the Fresh Fruit and Vegetable Program (FFVP). The purpose of this memorandum is to provide answers to some of the frequently asked questions which address key program operation issues.

Q. What are the FFVP hours of operation?

A. The program is available only during the school day, not before or after regular school hours.

Q. Can the fresh fruits and vegetables be served at the same time as the breakfast or lunch program but in a separate part of the cafeteria?

A. No. The FFVP cannot be provided at the same time as the service of the breakfast or lunch program.

Q. How many times during the school week must fresh fruits and vegetables be offered?

A. USDA expects schools to offer fresh fruits and vegetables as many times as possible during the school week.

Q. Must fresh fruits and vegetables be offered the entire school year or can schools choose to offer the program a limited number of months.

A. USDA expects that the Program be offered through the entire school year and not limited to certain months. One goal of the program is to effect a change in eating habits and a continual exposure to fresh fruits and vegetables is necessary and beneficial in making this change

Q. Can Residential Child Care Institutions (RCCI's) participate in the FFVP?

A. RCCI's can participate provided they operate an elementary school program during the day, and participate in the NSLP.

Q. Can FFVP funds be used to purchase Nutrition Education Materials?

A. No, USDA suggests that schools find other methods to fund the cost of nutrition education materials.

Q. Can schools use FFVP funds for promotional costs?

A. No, costs associated with promotional activities cannot be funded by the FFVP.

Q. Can we use trail mix, nuts or dried fruit?

A. No. Only fresh fruit and vegetables can be purchased.

Q. Can fruit smoothies, veggie pizzas and fruit pizzas be provided under the FFVP?

A. No.

Q. Are dips allowed?

A. Dips may not be used for fruits. However, in the interest of promoting the consumption of vegetables, the judicious use of low fat and non-fat dips for vegetables in a “serving size” quantity is allowed.

Q. Can cooked vegetables be provided and reimbursed in the FFVP?

A. Schools may only cook fresh vegetables (These vegetables should be ones not normally eaten raw) as part of a nutrition education lesson not more than once a week. The vegetables must be fresh; not frozen, canned or dried. Schools may not claim any additional ingredients that are part of the cooked fresh vegetable dish. As an example, a class may study nutrition, and part of the lesson may be to learn about specific vegetables and their nutritional value.

Q. Do schools have to submit all supporting documentation with their claim for reimbursement?

A. No, however they must maintain this information for review.

Q. Are schools required to have separate purchase orders/invoices for the FFVP?

A. No, provided they can demonstrate on the orders which purchases pertain to the FFVP.

Q. What are the FFVP funds obligation timeframes on a fiscal year or school year basis?

A. For **Schools**:

July FFVP funds: must be obligated by September 30 of that year.

October FFVP funds: must be obligated by the following June 30.

Q. When will the new FFVP guidance manual be available?

A. USDA is in the process of drafting new guidance and will notify all State and Regional Offices as soon as the new manual is available on USDA’s web site. USDA hopes to have the manual available by early September, 2008. The online manual will serve as the resource for the program and will be managed electronically to provide updates as needed.

The FFVP guidance manual that was used for prior program operations is no longer a reflection of current program operations under the authority and provisions of the new section 19 of the Richard B. Russell National School Lunch Act. Therefore, USDA has asked that schools not use this “old” version. USDA has removed the FFVP Guidance Manual from the FNS website because it was no longer accurate.
