Carson City: 775-887-2190 Dustin Booth (may refer)

Occupational Safety and Health Act Consultations

At a minimum there will be a hazard communication program,
and a bloodborn pathogen control program for all employees.

If there are 10 or more employees there will be a written safety program.

If there are 25 employees there will be a safety committee.

Discuss with the consultation supervisor what should be submitted to the Nevada Department of Education as “evidence of communication” to fulfill this requirement. Website: <http://4safenv.state.nv.us/index.htm>.

Southern Nevada: 702-486-9147 Joe Nugent

Northern/Central Nevada: 775-824-4634 Vacant

Northeastern Nevada: 775-778-3312 Richard Bachman
